New Series, Vol. XVI

CHAMPAIGN, ILLINOIS, JUNE, 1967

No. 2

Wanted: Your Support of Peragimus

This, our second issue of PERAGIMUS after a seven-year pause, marks another milestone toward successful revival. The response has been gratifying and many have expressed a great interest. Unfortunately, not enough of you did respond, which means that if we are to continue we will have to reach out beyond this small minority to survive.

We cannot expect a small minority of contributors to carry the load while the remainder enjoy the benefits. The expense involved in bringing our mailing list up to date was considerable and, at this writing before the expense of this issue, we have a debit balance of \$1061.00.

The hope of continuing rests upon you. A very small percentage of the mailing list have responded thus far. Those who have contributed are counting on the rest of you to come through and help. Don't let them down! Don't let yourself down! Sit down now and send us some names and addresses, news, and a contribution.

Let us all do our part to revive and continue those rich associations we had together. These are among most rewarding experiences of our lifetime. It is later than you think-enjoy them while you can!

Quoting from the 90th Division Association Bulletin:

"The sale of our 90TH DIVISION HISTORIES has come to a screeching halt. We have sold approximately 275 of the 500 it was necessary to order and we still have a lot of money tied up and we would appreciate any of you who desire histories ordering at an early date as we do need the money to send our three mailings and other necessary expenses."

Col. J.H. Rustemeyer Sends Peragimus News In A Recent Letter

We were most pleased to receive the following letter from Col. J.H. Rustemeyer, 1133 Santa Fe Street, Leavenworth, Kans. 66048:

"Delighted to receive your letter upon my return from the golf course and to learn from it that I can 'lend a hand'.

"I just compared the Directory with my Christmas list and brought it up to date insofar as I have the information. I entered the name of L.L. Sipes of 3314 Franklin in Los Angeles, Calif.

"I don't find Capt. Lee E. Blackwood (Medic). Andre told me that he (Blackwood) is in Corpus Christi, Texas. We dropped in on Clay Adams at his cabin during the convention and he had a trunk full of data—said that he has a copy of everything that has ever been written about the 358th or the 90th.

"Quite a few of the old gang have been by to see us. Had a nice visit with Hubert Jackson and his family not too long ago.

"Have always wanted to check on Drugash, who is listed as being

Subscriptions to PERAGIMUS are \$5 per year, and should be sent together with NEWS and personal data to the editor at Suite 3240, 141 W. Jackson Blvd., Chicago, Ill. 60604. A post-paid envelope is provided for this purpose.

from Bethel (a small settlement nearby) but keep forgetting it. I feel quite confident he is no longer there. (Editor's note: Michael Drugash is now listed as being in Drexel, Mo.)

"Our mail carrier over on Broadway was formerly in "L" company. He killed himself in an auto accident a few years back.

"It seems that the wind has died down some so that I can get back out on the golf course again. I do try to keep going lest 'ole man rocking chair' overtakes me. I am especially anxious to get out today because it is sow grass seed or complete my income tax returns—I'd like to put each off as long as possible."

In February the editor received this letter:

"What a pleasant surprise to receive the issue of "Peragimus" in this morning mail. While my

memory isn't exactly what it was, I do enjoy hearing about what the members of the "OLD GANG" are doing.

"Years are creeping up on me, but I still manage 18 holes in the morning and hitting out about 160 in the afternoon—weather permitting, of course. However, the weather today (while it isn't exactly what it is up your way) doesn't permit.

(Editor's note: the last time the Editor played with the Colonel was at Leayenworth, with JIM MORRIS and DOC ANDRE. The Colonel beat us all out with his No. 7 iron approaches and said he was off his game.)

"Hubert Jackson and his family gave us a delightful gift of their time not too long ago—but it seems ages and we wish that they would repeat—ONLY STAY LONGER!"

Thanks To These New Peragimus Boosters

News of 358th Combat Team Personnel--Separate Units

H. LEON HERRING, 401 Service company, Valencia Drive, Garland, Texas:

"I work for Doran Chevrolet company, 2222 Main St., Dallas Texas. I have two grand children—A boy and a girl. The boy is a junior in high school.

Glad to find out that SGT. SKARR is O.K. and to find out that one might get meat up in that old country—the same stands good for any of the fellows coming thru this way. Would be happy to see or hear from any of them anytime.

SKARR DEWEY is in Corsicana, Texas, in the bottled gas business. I see him every now and then. I think it is a wonderful thing for all of the men in the combat team to be able to hear from their buddies by your help in PERAGIMUS."

HOWARD G. BERGDALE, Service Company, 2017 S. Kiwanis avenue, Sioux Falls, S.D.:

"I practice law and have a general insurance agency here in Sioux Falls. . . see a lot of "KLOP-STOCK" DONAHUE—he is now a wheel at the Vets Adm. here in Sioux Falls.

"Last winter we went south for a little sunshine and on the way stopped in to see CAPT. LOUIS JACKS at Sparkman, Ark. . . real nice three hour visit. My wife Fern, and I head for warmer climates each winter so would like to hear from folks so we could stop in and say "hello."

SAM ADELSON, Medical Detachment, 49 Thomas Road, Rockville Centre, N.Y.:

"Own my own business, retail young men's and boys apparel—store at 22 North Park avenue in Rockville Centre."

CASIMER W. SEGAL, 8459 S. Phillips Ave., Chicago 60617: "I was forward observer for Hdqts. Company, 343rd A. Bn which was attached to the 357th Inf. Bn. I work for U. S. Steel South Works in Chicago, I would like to know if PERAGIMUS will publish news of the 343rd F.A. Bn., or is it strictly for the 358th Infantry Reg. members?

(Editor's note: Would gladly, but the 358th Combat Team was

supported by the 344th and the 345th."

JAMES E. JOSENDALE, Assistant G-3 of the 90th Inf. Division and Assistant S-3 of the 358th Inf., 8 Country Club Road, St. Joseph, Mo., 64505—president of Wire Rope Corporation of America, Box 288, St. Joseph, Mo.:

"Good to hear from you again and gratified for your reinstating of PERAGIMUS.

"Debbie and I travel quite a bit—both in business and pleasure. Three oldest boys military schools—two at Culver and one at Mo. Military Academy. Youngest still at home.

"Our business has been good and plan to go international this year. Will go back to my 25th Reunion at West Point in June to see my classmates—mostly generals.

"It certainly is a long time since the shave-tail days at Camp Barkley."

Our thanks to ERNEST GARZA, anti-tank company, of 1615 Oklahoma avenue, Flint, Mich., for his PERAGIMUS subscription and also for his letter.

FERDINAND MARTIN, Service Co., Linton, N. Dakota:

"I am now owner of a filling

station and bulk gas station at Linton, North Dakota, I. have two boys—one 19, and the other 16.

"MARKUS BOSCH, who was with Cannon and anti-tank company of the 358th, works in an elevator in Linton. Also PAUL KAUTZ, who was with the 357th, has a filling station in Linton. ARNOLD STRYLE, who was with the 359th has a hardware store in town."

MARSHALL F. RICHMOND, H. & S. company, 315th Engineer Battalion, Box 234, Milan, Indiana:

"Received a copy of PERAGIMUS and was pleased to find my old friend GEORGE L E GROSS had sent my name in. I was also pleased to see that CLINT PETERSEN was one of the supporters that helped get this rolling again. Clint was in the same company with me all through the time I was in the 90th which was all my 3 years in service.

"It might be interesting to tell that three years ago I received a Christmas card from HERBERT B. KIRKWOOD also of the same army company and it bore a Cincinnati address. Cincinnati being only 40 miles from here I immediately got in touch with him by phone. He was the architect

building a new bank building on 4th street there. He spent New Years with us and another week-end before he moved on. We heard from him by phone this holiday season and he is in Toledo, building another bank.

"Although I was not in the 358th, I was in the 90th Division and feel real close to any old 90th people and feel you, Mr. Editor, should be commended for the job you are doing.

"It was while in France and due to the Falaise Gap clean-up that I became interested in watchmaking and have, since getting out of the army, made it my life work. I have my own store here in Milan as well as my home. Our family consists of wife, Marcella, 2 boys, Terry, sophomore at Butler University, and Steve, 10, in the 4th grade.

"This year my schedule is full again as I am president of the Watchmakers Association of Indiana but after this year Marcella and I are looking forward to attending the 90th Convention."

CHARLES E. WISE, Cannon Co., (also D and H Companies), 3809 Waveland Terrace, Minneapolis, Minn. 55410:

"Good to hear from you. I'm most happy to hear of the rebirth of Perry. I applaud your dedication to the labor of love.

"For some years now I have been the man of many hats at Wise Electronics and Ecklen Radio Co. here in Minneapolis. We also have a branch in St. Paul. We specialize in the distribution of electronic parts and supplies and the service of electronic equipment ranging from television and radio, through sophisticated industrial electronics systems.

"My daughter attends the University of Minnesota. My son will enter college next fall.

"I don't see many people from the old outfit. BILL HEMMERICH (Headquarters Co.) drops in once in a while for coffee. DON JOHNSON (D company) is with the police department in Robbinsdale, Minnesota. He has specialized in work with youngsters and has acquired a fine reputation in juvenile police work which included the sponsorship of a drag strip

to divert the hot rods from the streets.

Bill Hemmerich, working for Diamond Match in this area, gets out to Sioux Falls once in awhile and tips one with PARNELL DONAHUE (B Co. ?) and HAROLD BERGDALE of Service company. Bill spends a part of his time as an advisor for Junior Achievement.

LOUIS GOLDIE (ex Anti-Tank and Cannon Co.) is the owner of Goldie Motor Sales here in Minneapolis.

"Most sorry to hear that COLONEL THOMPSON has been ill. He didn't need the Act of Congress to be an officer and a gentleman.

"I believe that CAPTAIN (CHAPLAIN) JOSEPH ESSER is still at St. Clothilde Church in Green Valley, Minnesota. I have been most dilatory in going to see him. The Salvation Army Brigadier here tells me that Chaplain STOHLER is running a hospital somewhere in Kentucky."

BRIG. GEN. J.O. BOSWELL, U.S.A. Retired, Commanding officer of the 358th during Occupation, 835 Black Mountain Road, Hillsborough, Calif. 94010:

BILL FLYNN let me know that he was in Los Angeles when we had a couple of quick ones at the San Francisco airport. CHRIS CLARKE is retired and lives in Austin, Tex."
